PANTANAL PHOTOGRAPHY WORKSHOP

“YOUR GEAR IS TOO VALUABLE FOR YOU NOT TO KNOW HOW TO GET THE BEST OUT OF IT!”

Get ready for a transformative experience in the heart of the Pantanal of Mato Grosso do Sul. In 2027, Icterus Ecoturismo and photographer Kacau Oliveira team up once again to hold a complete nature photography workshop at the traditional Pousada Aguapé, in Aquidauana.

Considered by many participants a true school of photography, the workshop is ideal for those who want to better understand their own gear, master field techniques and improve their editing workflow with Lightroom and Photoshop. The program includes hands-on classes, image review sessions and photo outings at different times and in different settings — all in one of the most biodiverse regions of the Pantanal.
